Targeted by a drug cartel, Teague is out for vengeance until Chantel lands in his lap. Is this fiery, redheaded submissive his lifeline or his downfall? One nosy keystroke and Teague's life was changed forever. He lost his identity, his family and is constantly running for his life. There is little doubt that the cartel will eventually find and kill him. Until then he plans to put as many of them away as possible. It has become his single-minded goal. Chantel was raised with the knowledge that bogey men exist. She carries a gun and she knows how to use it. She is confident that she can take care of herself. Her only real fear is of dying alone, without ever knowing the meaning of true love. Teague has a weakness for redheads and the cartel knows it. They've used it against him in the past. When Chantel literally falls into his lap, he knows it is too good to be true. Convinced that it will be his downfall, he pursues her anyway. After a weekend of life-affirming sex, he vows to never see her again. Once Chantel has found the man of her dreams, she's not going to let a threat against her get in the way. Now caught in the sights of a serial killer her father has spent his life hunting down, Chantel learns that there are worse things in life than death. For a chance to save Chantel, Teague must choose between his life's work and the young woman who has made his life worth living.
