Dialogues of Buddha Buddha

The Dialogues of the Buddha, constituting, in the Pâli ext, the Dîgha and Magghima Nikâyas, contain a full exposition of what the early Buddhists considered the teaching of the Buddha to have been. Incidentally they contain a large number of references to the social, political, and religious condition of India at the time when they were put together. We do not know for certain what that time exactly was. But every day is adding to the number of facts on which an approximate estimate of the date may be based. And the ascertained facts are already sufficient to give us a fair working hypothesis.
