*David Ebert*

**Sharks, Rays, and Chimæras of California (California Natural History Guides)** David Ebert

This guide is the only complete reference to the sharks, rays, and chimaeras found in California's waters—from the intertidal zone to 500 miles offshore.

**Species accounts give information on habitat and range, natural history, interactions with humans, nomenclature, and further references**

**68 beautiful color illustrations show each shark, ray, and chimaera; accompanying line drawings highlight differences in teeth, underside of the head, and egg cases**

**Includes information on the California marine environment, ecology and conservation, and shark biology**
