The Natural Heritage of Indiana

The Natural Heritage of Indiana

The Natural Heritage of Indiana is the first survey of the natural beauty, heritage, and environmental problems of the state. Lavishly illustrated with hundreds of color photographs by some of the state's best nature photographers, as well as maps, drawings, and diagrams, it also contains essays by 38 of Indiana's leading scholar-teachers and environmental practitioners. This book explores the Indiana landscape, past and present, the seven defined natural regions of the state, and the current plant and animal life, while pondering how the land has been affected by people and how to protect what remains. The Natural Heritage of Indiana is not only a celebration of natural wonders and nature's beauty, it is also a record of misuse and ignorance and a call to arms for those interested in preserving Indiana's environment.
