# Autopsy Pathology: A Manual and Atlas

Andrew J Connolly, Walter E. Finkbeiner, Philip C. Ursell, Richard L. Davis

**Autopsy Pathology: A Manual and Atlas** Andrew J Connolly, Walter E. Finkbeiner, Philip C. Ursell, Richard L. Davis

A **mainstay for pathology residents**, *Autopsy Pathology* is designed with a uniquely combined **manual and atlas format** that presents today's most complete coverage of performing, interpreting, and reporting post-mortem examinations. This lasting and useful medical reference book offers a **practical, step-by-step approach** to discussing not only the basics of the specialty, but the performance of specialized autopsy procedures as well.

- **Material is divided into two sections for ease of use:** a manual covering specific autopsy procedures, biosafety, generation of autopsy reports, preparation of death certificates, and other essential subjects; and an atlas, organized by organ system, which captures the appearance of the complete spectrum of autopsy findings.
- Offers expanded coverage of **microscopic histopathology**.
- Includes a chapter on **performing special dissection procedures** that may not be covered during a typical residency.
- **Examines important techniques**, such as autopsy photography and radiology, microscopic examination, supplemental laboratory studies, and other investigative approaches.
- Addresses the latest **legal, social, and ethical issues** relating to autopsies, as well as quality improvement and assurance.
- **Presents more than 600 full-color photographs** depicting common gross and microscopic autopsy findings for every part of the body.
- **Correlates pathologic findings with their clinical causes** to enhance diagnostic accuracy.
- **Improved images** in the Atlas section provide greater visual understanding.
- **Additional online features** include dissection videos demonstrating autopsy techniques; downloadable, commonly used forms for autopsy reports; and calculators for normal organ and body weights and measures.
- **Expert Consult eBook version included with purchase.** This **enhanced eBook experience** offers access to all of the text, figures, images, videos, forms, calculators, and references from the book on a variety of devices.
