## **Brasil: os frutos da guerra (Portuguese Edition)** Neill Lochery

Quando a Segunda Guerra Mundial eclodiu, em 1939, o Brasil parecia muito distante do conflito tanto geográfica quanto politicamente. Na época, o país tropical, subdesenvolvido e longínquo era o destino perfeito para viajantes internacionais que desejavam fugir um pouco do clima pesado dos conflitos. Contudo, a imagem bucólica de praias maravilhosas e povo amistoso escondia uma realidade bem mais complexa.

Em pleno Estado Novo e movido pelo objetivo de modernizar o país, o presidente Getúlio Vargas via na Segunda Guerra Mundial uma chance de ouro. Fatores como as vastas riquezas naturais e a proximidade geográfica com os Estados Unidos despertaram o interesse tanto dos Aliados quanto do Eixo, resultando em um balé diplomático entre embaixadores, ministros e presidentes para assegurar o apoio estratégico do país na guerra.

É o que defende o aclamado pesquisador Neill Lochery em *Brasil: Os frutos da guerra*, livro que abarca um dos períodos mais importantes da história nacional para a formação do Brasil moderno. Um relato vívido e repleto de intrigas sobre como a habilidade política e o oportunismo econômico do governo brasileiro permitiram que o conflito alçasse o país à condição de potência política e econômica da região.

“Um olhar bem delimitado sobre o domínio autoritário do carismático presidente Getúlio Vargas.” **Kirkus Reviews**
