Colombia. Crisis imperial e independencia. Tomo I (1808-1830) (Spanish Edition) Eduardo Posada Carbo

Tomo I de Colombia en la Colección América Latina en la Historia Contemporánea

Dirigido por Eduardo Posada Carbo y coordinado por Adolfo Meisel Roca

Entre 1808 y 1830, la Nueva Granada ,hoy Colombia, hizo el tránsito de virreinato a república independiente. Fue un proceso complejo: el país experimentó con novedosas instituciones para superar la crisis monárquica tras la usurpación napoleónica de la corona española; enfrentó con éxito a un ejército de reconquista; y formó con Venezuela y Ecuador la llamada Gran Colombia, antes de su establecimiento como Estado independiente.

Este volumen, el primero de una serie de cinco dedicados a la historia contemporánea de Colombia, examina la evolución de la política, la economía, la cultura, la sociedad, y las relaciones exteriores del periodo.

La colección América Latina en la Historia Contemporánea es uno de los proyectos editoriales más importantes de las últimas décadas y una aportación original y novedosa a la historiografía sobre América Latina en la que han participado más de 400 historiadores de diversos países. Presenta una visión plural y accesible de la historia contemporánea de las naciones latinoamericanas -incluyendo aquellas otras, europeas o americanas, que más han aportado a su materialización- y revela las claves políticas, sociales, económicas y culturales que han determinado su trayectoria y el lugar en el mundo que hoy ocupan.
