## **Gold and Silver Needlepoint** Maggie Lane

From the dust jacket: "Maggie Lane has earned an unrivaled reputation in the needlepoint field for her striking designs. In 'Gold and Silver Needlepoint,' she gives us 12 brand-new designs based on Oriental motifs and art works that are enhanced by the use of either silver or gold metallic thread -- sometimes even both. Gold and silver metallic threads are used in every design -- alone or mixed with cotton or silk floss -- to create visually stunning pieces. Here are designs for 2 evening bags, 7 panels, and 3 scrolls, each project fully graphed and illustrated in color. Color schemes are also detailed for each design, although the needlepointer is free to change any or all colors. Included is information on buying canvas, reading and keying graphs, working with metallic thread, blocking a canvas, finishing a hanging scroll, and mounting a panel, plus stitch diagrams, border design diagrams, and repeat pattern graphs. No matter which project the needlepointer selects from this book, he or she will create a shimmering masterpiece of timeless beauty."
