Lost, the television series, takes place on a remote South Pacific island, where a plane crash has left 48 survivors stranded. These novelizations focus on survivors who are not main characters on the television series—adding depth to the show, and also offering new and compelling stories and characters for Lost fans. These new characters have original adventures rooted within the show's continuity; they cross with characters from the show, and even take a background role in major events seen on the show.
