Building on the intellectual and political momentum that established the Critical Ethnic Studies Association, this *Reader* inaugurates a radical response to the appropriations of liberal multiculturalism while building on the possibilities enlivened by the historical work of Ethnic Studies. It does not attempt to circumscribe the boundaries of Critical Ethnic Studies; rather, it offers a space to promote open dialogue, discussion, and debate regarding the field's expansive, politically complex, and intellectually rich concerns. Covering a wide range of topics, from multiculturalism, the neoliberal university, and the exploitation of bodies to empire, the militarized security state, and decolonialism, these twenty-five essays call attention to the urgency of articulating a Critical Ethnic Studies for the twenty-first century.
