A passion hot enough to melt a glacier. A love that shakes them to the core...

The savage Antarctic winter is closing in, and three research scientists are scheduled for the last flight out—until an unexpected blizzard traps all three of them in the compound. There's Tuck, who only joined the project to be close to sexy-but-straight Brendan, the man of his dreams. And Jamie, who has always admired the other two from afar.

Thrown into a dangerous situation, the three of them turn to each other for survival, solace...and more. As Brendan overcomes his confusion over his impulses, the trio begin a sexual exploration that explodes into passion and unbridled lust.

Yet once the rescue helicopter airlifts them to safety, Brendan comes to his senses, returning home to his carefully constructed, closeted life. But there's a Brendan-shaped hole left behind in Tuck's and Jamie's hearts. There's only one way to fill it—by breaking through Brendan's reserve to reclaim the man they both love.

Warning: Dangerously hot m/m/m ménage sex will melt the layers of ice and snow keeping three sexy scientist prisoners on the edge of the world. Peek through your fingers at scorching sex between three men—the possibilities are endless!
