On July 4, 1845, when Henry David Thoreau moved into his cabin on the shores of Walden Pond, he was probably unaware that his abode in the woods, and the impact and influence of that endeavor, would forever echo through time. Thoreau was an uncompromising idealist; an ardent maverick who criticized his fellow man. He urged that men and women ought to live more simply, and more deliberately. "The mass of men," he famously wrote, "lead lives of quite desperation." Yet the scope of Thoreau's message is much wider than social criticism. He speaks of spiritual transcendence in Nature and the unbounded potential of the individual. Thoreau is a dreamer and he speaks to dreamers. In a word, shun dogmatism and demagoguery; see beyond the immediate conventional religious explanations to reap a higher understanding. In our commodified contemporary American society, with the rise of religious intolerance and fundamentalism, materialism and mass consumerism, Thoreau's message is needed now more than ever. Author Kenny Luck has thumbed through Thoreau's voluminous journals, correspondences and other publications to make this the most comprehensive collection of Thoreau aphorisms available.
