Capital in Disequilibrium: The Role of Capital in a Changing World (Routledge Foundations of the Market Economy) Peter Lewin

Drawing on the work of the Austrian School and its heirs, *Capital in Disequilibrium* develops a modern, systematic version of capital theory in order to suggest a new approach to the subject of economics. Original and provocative in his reflection, Lewin offers both a new approach and an accessible discussion of one of the most important, but also one of the most difficult, areas in economics.
