David Ray Griffin

The New Pearl Harbor Revisited: 9/11, the Cover-Up, and the Exposé David Ray Griffin

In 2004, David Ray Griffin published *The New Pearl Harbor: Disturbing Questions about the Bush Administration and 9/11*. Translated into several languages, it helped spark a worldwide movement demanding "9/11 truth." Even as it became increasingly outdated, it continued to be widely cited as the best introduction to the issues.

Griffin has now written *The New Pearl Harbor Revisited*, which provides a chapter-by-chapter updating of the information provided in that earlier book. It shows that the case against the official account constructed by independent researchers - who now include architects, engineers, physicists, pilots, politicians, and former military officers - is far stronger than it was in 2004, leaving no doubt that 9/11 was a false-flag operation, designed to give the Bush-Cheney administration a pretext to attack oil-rich Muslim nations.

Taken together, these two books provide everything one needs to make an informed decision about 9/11 - whether one is a journalist, a political leader, a religious leader, or an ordinary citizen concerned about truth, democracy, and the rule of law.
