Funny Comments - Cruise Ship Passengers (Hardcopy) (Cruise Ships) (Volume 1) Mr Bradley Mckay
The book began twelve years ago, whilst walking on the pier in an exotic destination. A passenger approached and blurted out the most bizarre question I had ever heard. I grabbed the nearest piece of paper, and wrote the comment down in order to capture it to be shared with others. From that day forth, I carried a piece of paper in my top pocket to capture the moment. I used the 10 second rule, to give them the chance to realise what it was they were asking. The result of recording these questions and statements has resulted in the book you are holding. At the time of hearing the comments, I had a burning desire to reply with an equally bizarre answer. However I had some empathy due to them being on a cruise which can have an effect on some people's grasp of reality. As you navigate through this book, some questions were so outrageous that, I was completely baffled and had no response to include. I have personally witnessed every comment in this book, including the horrific spelling and grammatical errors. I hope you enjoy reading each comment and look out for some that you may have said yourself. After all we can all say things that seem perfectly reasonable at the time.
