O amor nos tempos da velhice: perdas e envelhecimento na obra de Gabriel García Márquez (Portuguese Edition) Jamille Mamed Bomfim Cocentino

O amor nos tempos da velhice faz alusão à consagrada obra de Gabriel García Márquez, O amor nos tempos do cólera. O trabalho é fruto de pesquisa de mestrado desenvolvida pela autora no Programa de Pós-Graduação em Psicologia Clínica e Cultura da Universidade de Brasília. A obra do escritor colombiano oferece preciosos subsídios para reflexões sobre a vida e o amor em diferentes idades. Possui o mérito de abordar o envelhecimento de forma processual, ao apresentar os personagens muito jovens e representar sua vida até a fase da velhice. Em suas páginas, encontramos elementos que apontam para dificuldades e conquistas frequentes ao longo do desenvolvimento humano. O processo de envelhecimento é, portanto, retratado e apresentado na narrativa de forma leve e prazerosa, sem ignorar as dificuldades e desafios do envelhecer. As perdas vividas na velhice, os processos subjetivos associados ao envelhecimento e o imaginário social predominantemente negativo dessa fase da vida são aspectos apresentados e discutidos nesta obra. Por utilizar um diálogo interdisciplinar entre a literatura e o tema do envelhecimento humano, o livro se destina a leitores de distintos campos de conhecimento interessados em refletir sobre envelhecimento e cultura.
