Luke Rogan's assignment is simple: secure young Elijah Scoffield and his mother and bring them back to headquarters--just an ordinary mission for an operative of the Dark Alliance. But Elijah is no ordinary kid. He's the grandson of one of the country's most influential politicians--a man privy to the Alliance's most valuable secrets, including its centuries-long connection to the Knights Templar. And someone else is attempting to capture the boy--someone who's proven he doesn't give a damn about collateral damage. . .

Heartbroken at the lies that tore her world apart, Sarah Scoffield will do anything to protect her son--even if that means teaming up with a deadly stranger. But Sarah soon finds herself falling in love with her dark hero. And as danger stalks ever closer, the fiery desire that claims them awakens in Sarah passions she'd thought dead and buried long ago. . .
