A Cancer Therapy and Gerson Miracle DVD (The Gerson Miracle) Dr. Max Gerson

BOOK: In 1958, based on thirty years of clinical experimentation, Dr. Max Gerson published this medical monograph. This is the most complete book on the Gerson Therapy. Dr. Gerson, who developed the Gerson Therapy, explains how the treatment reactivates the body's healing mechanisms in chronic degenerative diseases. The book incorporates extensive explanation of the theory with scientific research and the exact practice of the therapy, as well as a presentation of fifty documented case histories. Also included is a modified version of the Gerson Therapy for use with nonmalignant diseases or preventative purposes.

DVD: A cure for cancer and most other chronic and degenerative diseases has been available since 1928. The therapy was developed by Max Gerson, MD, a German Jewish physician, hailed by Nobel Laureate Albert Schweitzer as, "the most brilliant medical genius ever." This film examines many of the elements of the Gerson Therapy, and explains how and why it has been healing the most advanced cases of cancer for over 75 years using Nature's own materials and processes. Nine Gerson patients relate stories of recovery from the most deadly cancers (liver, ovarian, pancreatic) up to nineteen years ago. Their inspiring testimonies are powerful evidence of the Therapy's effectiveness. Charlotte Gerson also describes her lifelong efforts to keep the Therapy alive despite powerful opposition.
