The Wolves of Alaska: A Fact-based Saga Jim Rearden

Jim Rearden is Alaska's most popular outdoors journalist. He holds two degrees in wildlife management and was Professor of Wildlife Management at the University of Alaska Fairbanks 1950-54. As a member of the Alaska Board of Game 75-82 he helped develop the Tanana Flats wolf control program. He details with historical accuracy the controversy that erupted when the 1975 program was announced.

Counterpointing the modern controversy, Rearden includes exciting segments of his best-selling Alaska's Wolf Man, the story of Frank Glaser, Alaska's full-time government wolf hunter who hunted wolves in the Territory of Alaska 1915-1955.

Alaska's wolves are the main characters in this historically and biologically accurate recounting. Included are vivid anecdotes about wolves with descriptions of their behavior and way of life, examples of their intelligence, and expressions of appreciation for their charm and beauty, as well as an honest look at their savage efficiency as predators and relationship to urban and rural Alaskans.
