Learning AirWatch Mark Dunkerley

Learn to implement, manage, and deploy the latest Enterprise Mobility Management (EMM) platform offered by AirWatch

About This Book

- Understand Enterprise Mobility Management (EMM) and all the features involved in creating a robust deployment
- Integrate and secure EMM solutions with your enterprise IT infrastructure to better protect your organization's information
- A step-by-step guide to teach you the latest EMM solutions from AirWatch by VMware to provide an effective and efficient mobile environment

Who This Book Is For

If you are a technical professional who wants to dive deeper into the functionality offered by AirWatch or manage the solution, then this book will help you choose the best set of configuration, device management, and monitoring options that you can use to effectively manage your EMM implementation.

What You Will Learn

- Set up your working environment with the options provided by AirWatch
- Understand the administration console and learn to manage your EMM platform
- Integrate AirWatch by VMware into your corporate infrastructure
- Secure your EMM deployment to meet the security and regulation standards
- Learn to set up and configure Mobile Device Management (MDM) for your mobile devices
- Discover how to set up and deploy Mobile Containerization and the use cases it can be used for
- Deploy Mobile E-mail Management (MEM) to allow you to access e-mails securely
- Configure Mobile Application Management (MAM) and Mobile Browser Management (MBM)

In Detail

Nowadays, organizations are facing a critical challenge of providing reliable, efficient, and secure access to corporate information. With AirWatch by VMware's Enterprise Mobility Management platform, you will be able to set up and deploy access to corporate information securely from mobile devices, allowing security policies and regulations to meet compliance for your business.

This book will guide you through a detailed overview on how to set up AirWatch by VMware, administer the deployment, manage enterprise integrations, and configure security controls and many more options available for effective EMM deployments in enterprises. Each of the components of EMM is explained in the book in a way that you can apply your knowledge in the best possible manner while working with your mobile deployments.

From reader reviews:

Bobby Phillips:

Inside other case, little persons like to read book Learning AirWatch. You can choose the best book if you appreciate reading a book. Provided that we know about how is important any book Learning AirWatch. You can add information and of course you can around the world by a book. Absolutely right, because from book you can learn everything! From your country till foreign or abroad you may be known. About simple factor until wonderful thing you can know that. In this era, you can open a book or even searching by internet unit. It is called e-book. You can utilize it when you feel uninterested to go to the library. Let's study.

Brian Wallace:

Spent a free the perfect time to be fun activity to do! A lot of people spent their sparetime with their family, or their friends. Usually they carrying out activity like watching television, gonna beach, or picnic from the park. They actually doing ditto every week. Do you feel it? Would you like to something different to fill your current free time/ holiday? Can be reading a book is usually option to fill your free time/ holiday. The first thing you will ask may be what kinds of e-book that you should read. If you want to attempt look for book, may be the book untitled Learning AirWatch can be great book to read. May be it might be best activity to you.

Hilton Rogers:

Playing with family in a park, coming to see the ocean world or hanging out with pals is thing that usually you could have done when you have spare time, subsequently why you don't try issue that really opposite from that. A single activity that make you not sense tired but still relaxing, trilling like on roller coaster you have been ride on and with addition info. Even you love Learning AirWatch, you may enjoy both. It is great combination right, you still desire to miss it? What kind of hangout type is it? Oh can occur its mind hangout fellas. What? Still don't get it, oh come on its named reading friends.

William Henslee:

Many people spending their period by playing outside using friends, fun activity using family or just watching TV 24 hours a day. You can have new activity to spend your whole day by reading through a book. Ugh, you think reading a book can really hard because you have to use the book everywhere? It okay you can have the e-book, bringing everywhere you want in your Smart phone. Like Learning AirWatch which is getting the e-book version. So , why not try out this book? Let's see.
